Deadline for request for clarifications: 2014-04-21

Tender Submission Deadline: 2014-05-08, 10:00 local time

Tender Opening: 2014-05-08, 10:00 local time

This Invitation to Tender follows the General information about procurement under DemoUkrainaDH, available on <http://www.demo-dh.org.ua/en/procurement.html>.

Purchaser:

Municipal Commercial DH Company «Donetskgorteploset» of Donetsk City Council

Address: 83001, Donetsk, Postysheva str. 68, Ukraine

Reg. no. 33257089

The project organisation during the tender period will consist of employees from the Purchaser assisted by consultants from ÅF-Industry AB, Sweden.

Project:

The Purchaser wishes to replace the existing district heating system in an area in the city with new pipelines. The quantities are estimated at about 700 m pipes plus fittings, however the volumes could be subject to changes after design review. The project also includes additional Services in the form of training, including preheated laying principles, and installation and commissioning supervision.

Tendering and Contracting Procedures:

The Purchaser intends using proceeds of a loan from Nordic Environment Finance Corporation (NEFCO) and a grant from Swedish Development Cooperation Agency (Sida), administered by NEFCO, for eligible payments under the contract for which this tender is made.

The Purchaser now invites sealed tenders from contractors for the following contract to be funded from part of the proceeds of the loan and the grant.

The contract will be a Supply contract with additional Services based on Orgalime SE 01 comprising detailed design review, delivery, training, installation and commissioning supervision and assistance to the Purchaser and Ukrainian authorities to achieve a fully operational piping system. The project implementation period is 15 May to 15 September 2014 with intended commissioning as soon as possible after start of heating season 2014.

The tendering procedure and the contract will be subject to NEFCO’s Procurement Guidelines, which follow internationally recognised practices applied by International Financial Institutions (IFIs). The tender is open to firms from any country, provided that the firm is not ineligible or prohibited from bidding under national or international law.

The tender evaluation will in addition to the tender price include assessment of the offered pipes and compliance with the DemoUkrainaDH objectives as a demonstration project.
